

An element in the management of estates in the hands of individual executors or trustees is the temptation to make temporary or speculative investments.

The interests of a TRUST COMPANY are all the other way. It expects to continue in business long after any single estate is settled. Its existence is perpetual. It must have the confidence of the community. It does not take the risks of even ordinary safe commercial banking.

With the INDIANA TRUST COMPANY all trust moneys and securities are kept separate and apart from the funds and securities of the company, and no money can be drawn nor securities negotiated without the knowledge of two officers of the company.

No part of the funds of an estate is ever placed in any but the most solid securities.

From every point of view such a Trust Company affords the safest means for caring for an estate.

Spurt in Railway and Other Issues Gives Evidence of New Strength.

At New York, yesterday, money on call was easy at 3/4 per cent, the last loan being at 3/4 closing offered at 3/4.

Prime mercantile paper, 8/12 per cent.

Sterling exchange was firmer, with actual business in bankers' bills at \$1.81 3/4 at 4 1/2 for sixty days, and \$1.80 1/2 for demand. Commercial bills at \$1.81 1/4 at 4 1/2.

Silver certificates were neglected, and closed at 74 1/2 bid. Bar silver closed at 75 1/2 per ounce; Mexican dollars at 68 1/2; at London bar silver closed at 31d.

The emphatic denials by the General Electric officials that the company was in difficulties had a good effect on the New York stock market, yesterday, at the start.

The rally to 3 1/2 at the opening upset the calculations of a number of operators who had been long in their predictions of a further general decline in prices.

The course of the market in the early trading was a distinct disappointment to this class, and an attempt to cover was made by those who had sold at the General Electric receivership rumor. The supply of stocks was smaller than they had supposed, a fact which is corroborated by the high leading rates for General Electric.

Louisville and Nashville and Burlington and Quincy came under this action also.
